

## FINGERPRINTING

Fingerprinting of students shall be permitted in the schools by the local police departments provided:

1. Written consent of the parent(s) or guardians is given for the local police departments to fingerprint a student and prepare a file to include fingerprint, photograph, and a physical description of the student.
2. The entire file shall be given to the parent or guardian and no record of information contained in this file shall be retained by either the school division or the police departments.

Adopted: November 17, 1997
